College Profile:

Peren Government College started with a humble beginning when it was established as a private college on 13th April, 1987 through the joint efforts of the local public leaders and government officers of the then Peren Sub-Division with the objective to bring the socially, economically and educationally less advantaged people of the sub-division to frontline society. Since then, Peren Government College has been catering to this need of the people, even under most trying situations. Initially, from 1987 to early part of 1991 the College was running Pre-University (Arts) classes only during afternoon hours from Government High School building, Peren with barely a handful of students enrolled. With an increase in the enrolment of students the College was shifted during mid 1991 to its present building. Class timing was changed from afternoon to morning shift in the year 1992. The College was upgraded to Degree Course during 1992-93 session.

The College was then recognised by the Government of Nagaland on 9th December, 1993 and is provisionally affiliated to Nagaland University since 1995.

The present College Building situated below the District Hospital, Peren which is 1km from the Bus & Taxi Stand is temporal. The College is programmed to shift to its permanent campus at New District Headquarters at the earliest possible time where necessary infrastructure developments are presently taking place. The permanent campus is designed to become full residential campus in the near future and also has the advantage of being centrally located and, therefore, easily accessible even for day scholar students from Peren Town, Jalukie Town and from neighbouring village.

The College is co-educational and seeks to provide quality education for all sections of society reaching out especially to the socially, economically, culturally and educationally disadvantaged. The College follows a participatory style of management always alive to emerging needs and challenges, where a sense of belonging and ownership is shared and where exists regular interactions between the different constituents involved, so that education becomes the responsibility of a community comprising of teachers, parents, alumnus, students and management. The College emphasizes on life-oriented and value based teaching. It aims to equip the students for life, making them not only job-seekers, but also job-creators. Accordingly, keeping in mind the developments in educational strategies worldwide, the college is taking measures in introducing application- oriented subjects to answer to the need of the society that it serve and to give our graduates the advantage in the quest for employment.

The College advisory board comprises of Peren Deputy Commissioner as the Chairman, Principal, Peren Government as the Member-Secretary, Prof. Akali Sema, SARSD as the Representative of Nagaland University along with HoDS of various departments and stakeholders of the district as members.
